

I'm not robot!

Mahatma Gandhi and his followers instill the confidence in the people from all the diversities that their unity is the foremost requirement of freedom and independence. Our unity worked and the British rule ended on 15th of August 1947. I take this opportunity to salute these freedom fighters who put their lives at stake for the country and lived up to the spirit of unity.

We are so lucky that our forefathers have given us a land of peace and happy where we can sleep whole night without fear and enjoy whole day in our school or home. Our country is developing very fast in the field of technology, education, sports, finance and various other fields which were almost impossible before freedom. India is one of the countries rich in nuclear power. We are going ahead by actively participating in the sports like Olympics, Commonwealth games and Asian games. We have full rights to chose our government and enjoy largest democracy in the world. Yes, we are free and have complete freedom however we should not understand ourselves free of responsibilities towards our country. As being responsible citizens of the country, we should be always ready to handle any emergency condition in our country.
